

## ■ Improvements

- iOS Bootloader
  - Fixed an error that extraction was failed
    - Target model: iPad (A1219, A1337)
- Android Live
  - Revised notification show-up step for app downgrade
    - Before: Shows before the extraction begins
    - After: Shows before app downgrade extraction begins
- Create MDF
  - Fixed an error that creation of MDF was failed while using 'Manufacturer Backup'
  - Target: Result of local backup using Samsung Smart Switch app
